This 55" screen size is designed for huddle spaces hosting smaller groups. It has an optimised collaboration bar, integrated microphone, and camera, so it's easy to co-create documents and share ideas. It can be transferred room-to-room via a trolley and easily accommodates up to six people, making it the perfect spontaneous and informal meeting area.

The InfinityBoard comes with an ultra-high definition InGlass™ touch display and two passive pens. Its design also includes an ultra-wide angle Huddly IQ video conferencing camera and high-end conference speakers. The combination of an open platform slot-in PC and Windows 10 Professional allows to tailor the solution according to the customers' requirements without restriction to any particular software, video conferencing app or infrastructure. Uniting all this, the InfinityBoard facilitates smart collaboration in modern meeting spaces.
