# SOLUTIONS FOR BUSINESS AND EDUCATION

**Prestigio Multiboard is a complete solution for business or education. It can help improve work efficiency and significantly increase the level of interaction in lessons and meetings.**

## EFFICIENT PROCESSES

The powerful **Intel® Core™** processor delivers a fast performance, the **ELED screen** with **UHD resolution** and an **independent graphic card** creates realistic graphics and an impressive image depth. Your presentations will leave a lasting impression, and lessons will be even more stimulating.
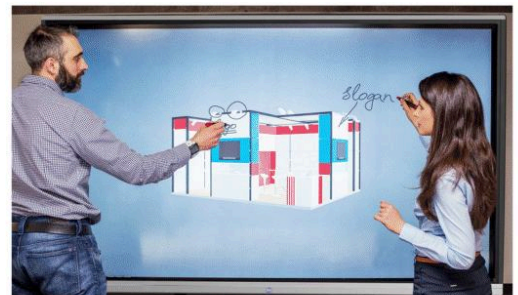

## COLLABORATION

Best-in-class **MultiTouch** technology can support **up to 20 touch points** and **up to 10 writing points** that work simultaneously, it also includes the feature that **2 colors** can be used for writing **at the same time**, which will make working together even more effective.

## CONNECT AND INTERACT

Interaction with your team will be more effective using the functions of **remote work** and **video calls** with high image quality. Now it's much easier to get instant feedback and approval.

## INTEGRATED SOLUTION

Thanks to the preinstalled versions of **Windows 10 Pro** and **Android 8.0** operating systems and additional useful software, you gain not just a device, but a full solution for education or business.

# MULTIBOARD
## For dynamic interaction

Prestigio MULTIBOARD devices are an interactive high-resolution multitouch screens (IFPD) with a built-in powerful computer based on Windows and Android operating systems.

Features of the device are a powerful Intel processor, an impressive UHD image, a 20-point multisensor and a protective anti-vandal case for safe use.
