

## IFP8662 - 86" 4K TOUCH ENABLED VIEWBOARD SMART DISPLAY

## **Key Features**

- ULTRA HD RESOLUTION: 86 Inch 4K Ultra HD (3840x2160p) with a bezel-less Interactive Display
- TOUCH PRECISION: 20-point PCAP touch technology lets multiple users write on the screen with their fingers and active styluses
- ONE CABLE SOLUTION: Convenient USB-C for connected devices
- BE HEARD: Built-in Microphone Array with echo cancellation and noise reduction technology
- POWERFUL COMPUTING: Optional addition of Slot-in PC provides increased functionality and speed
- REMOTE MANAGEMENT: Schedule updates and monitor device status with the built-in myViewBoard® Manager software
- PEACE OF MIND: Industry-leading 3-year standard warranty with optional extensions and robust support services

RESOLUTION

## Product **Description**

From executive boardrooms to interactive huddle spaces, the ViewSonic® ViewBoard® IFP8662 enables limitless collaboration and endless innovation. Designed to help teams connect, collaborate, and create, this next-generation digital whiteboard delivers exactly what you need to move your ideas forward. A premium, state-of-the-art design features a bezel-less PCAP (projected capacitive) touchscreen with incredible 4K Ultra HD resolution. This highly accurate interactive screen provides for an incredibly natural and responsive handwriting experience. Using fingers, styluses, or both, multiple users can simultaneously write or draw on the huge 86" ViewBoard panel. What's more, meetings and presentations start fast thanks to convenient one-wire USB-C connectivity.

## **Specifications**

| OS         Android 8.0           CPU         ARM Quad Core Cortex A73           CPU Processor Speed         1.2GHz           Memory         3GB           Storage         32GB           Internal Speakers         12W (x2)           Subwoofer         15W (x1)           HDMI 2.0 in         4           HDMI 4K Out         1           3.5mm Audio Out         1           SPDIF Audio Out         1           USB 3.0         5           USB 2.0         1           USB 3.1 Type C         1           Slot-in PC Slot         1           USB B Touch Port         2           R5232         1           Ethernet LAN (RJ45)         2           WiFi Module Slot         1           Voltage         100-240 VAC           Consumption (max)         580W           Consumption (typical)         160W           Stand-by         <0.5W                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             | UPC                       | 766907012088             |
