Key Features

Amazing color accuracy | 4,000 lumen high brightness | Secure MHL/HDMI port | Network capable | Smart design

Product Description

The ViewSonic LightStream® PJD7326 projector features 4,000 lumens, XGA 1024x768 native resolution, an intuitive, user-friendly design, and a sleek black chassis. Exclusive SuperColor™ technology offers a wide color gamut for beautiful image production in nearly any environment, while SonicExpert™, ViewSonic's proprietary sound enhancement technology, powers a 10W speaker to deliver incredibly clear and audible sound. PortAll™—a hidden compartment with an integrated and secure MHL/HDMI port—lets you discretely stream multimedia content from a wireless dongle, or lets you connect to other devices via an HDMI cable. A cable management hood eliminates unsightly cable clutter, and a top lamp door enables easy access for lamp maintenance. With a 1.96–2.15 throw ratio, 1.1x optical zoom, HV keystone, corner adjustment, and extensive connectivity, the PJD7326 provides flexible and quick set-up. The PJD7326 is the ideal high brightness projector for use in both

classroom and corporate settings.

1024 x 768 RESOLUTION

4,000 LUMENS

1. IR remote sensor
