Thank you for choosing **MAXHUB** product.

To ensure that you are able to fully utilize the capabilities of the product, we ask that you please read this quick start guide carefully and thoroughly before using the device. Should you have any questions or require assistance, please do not hesitate to contact our technical support team for guidance.

Safety Information

• Be Careful of Electric Shock or Fire

- (1) This device is not waterproof, please keep it dry; if water is immersed in this product, please shut down immediately and contact the customer service center according to the prompt provided by the customer service center before using it again.
- (2) Never place this device and accessories near the burning flames or other heat sources, including direct sunlight.
- (3) This device should be turned off and unplugged before lightning storms.

• Be Careful of Short Circuit or Catching Fire

- (1) Before connecting this device to an electrical outlet, please make sure that the power supply voltage matches the voltage value printed on the back or bottom of the product. Never connect the product to an electrical outlet when the voltage is different.

• Take Care Not to Injure or Damage this Device.

- (1) Never place this device or any objects on a power cord or other electronic devices.
- (2) If this product is transported at a temperature below 5°C, please unpack the product and wait until the temperature reaches room temperature before connecting it to a power outlet.
- (3) This product comes with sharp objects, please handle it carefully so as to avoid injury to the user or scratching the appearance of the product or damaging the internal parts of the product.

• Be Careful of Overheat

- (1) Never install this device in an enclosed space. Always leave at least 4 inches space around the product for ventilation.

Care For the Product

- (1) Clean this device only with a piece of microfiber cleaning cloth.

Care For the Environment

- (1) This device applies recyclable high-performance materials and components. Never dispose of this product with other household wastes. Please understand the local regulations on the sorting collection of electronic products.
- (2) Proper disposal of these products helps to avoid potential negative effects on the environment and human body health.

Maintenance & Servicing

- (1) Please contact professional service personnel for all repair services.
- (2) Please do not insert any sharp object into the inside of the device.
- (3) Please do not drop or hit the device to avoid damaging it.

The actual configuration is subject to the specific product.

II. Product Introduction

No.	Item	Description
1	USB 2.0	USB-A 2.0.
2	AUDIO IN	3.5mm line in.
3	MIC IN	3.5mm microphone input.
4	AUDIO OUT	3.5mm line out.
5	Connection LED	Not connected: Flashing every 0.5s. Connected: Steady on.
6	Power LED	Steady on after power on.
7	Power Switch	Power on/off.
8	Power Input Port	AC 220V, 50/60Hz.

Audio Input Port

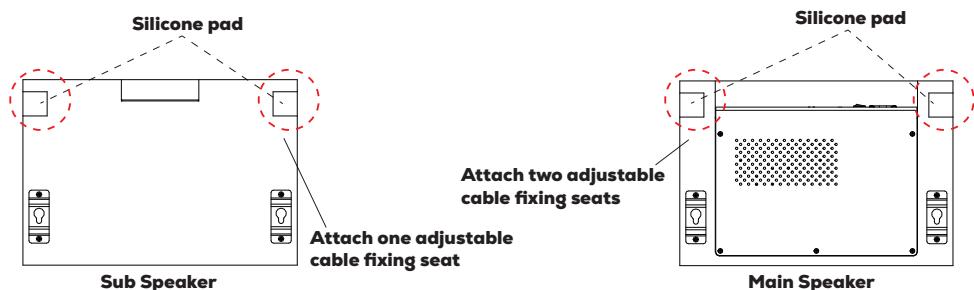

Sub Speaker

III. Installation

Step 1:

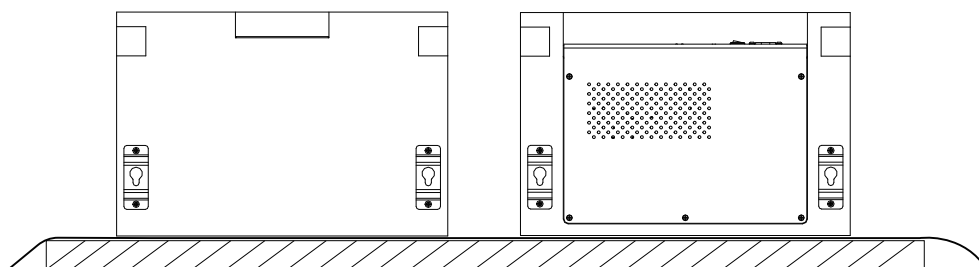

Before installation, please check if the following accessories are included in the package:

No.	Name	Specification	Quantity
1	Phillips Round Head Self-tapping Screw	M6×45 mm	5 PCS
2	Wall Anchors	ø8×40 mm	5 PCS
3	PE Bag	/	1 PCS
4	Silicone Pad	30×30×11 mm	4 PCS
5	Adjustable Cable Fixing Seat	25.4×18.0 mm	3 PCS

Step 2:

Place the Main and Sub Speakers horizontally on a flat surface. (Ensure there is a soft spacer between the speaker and the surface to prevent damaging the speaker's PVC exterior, as shown below.)

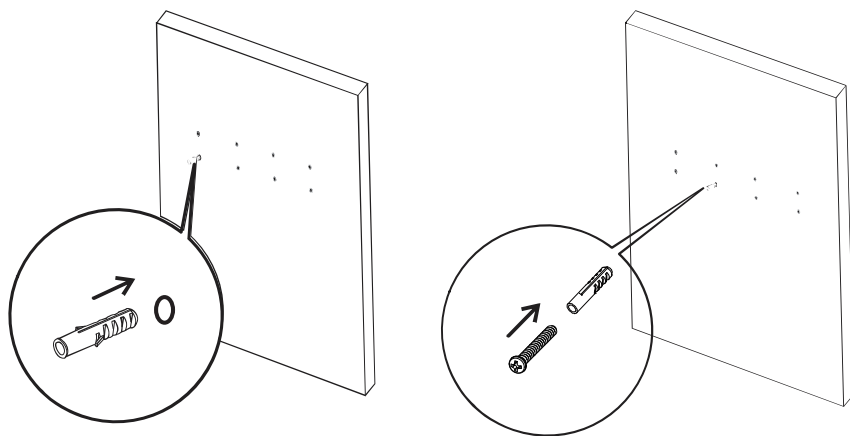

Sub Speaker

Main Speaker

Step 3:

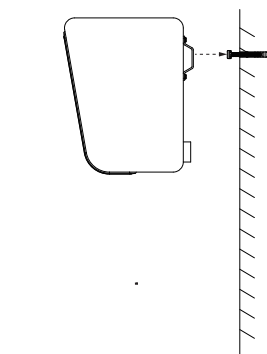

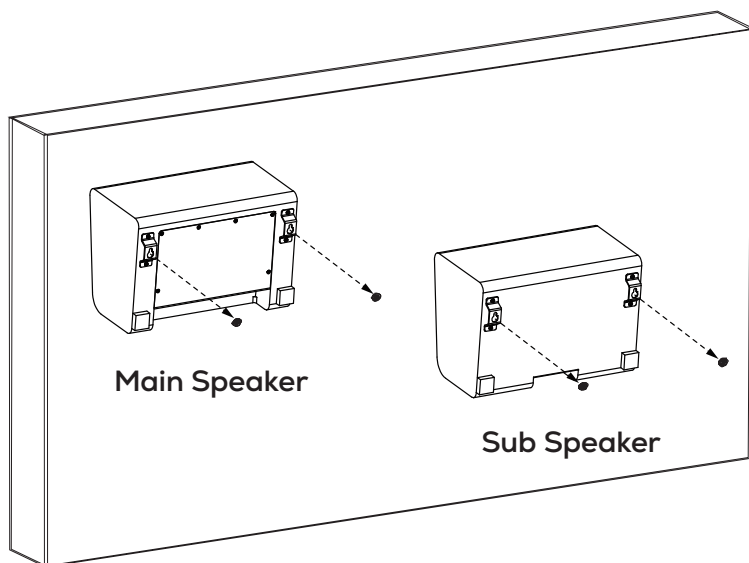

1) Use an 8mm percussion bit to drill 4 holes (distance: 300 mm, depth ≥ 50 mm) into the wall.

2) Then use a hammer to insert the wall anchors into the holes.

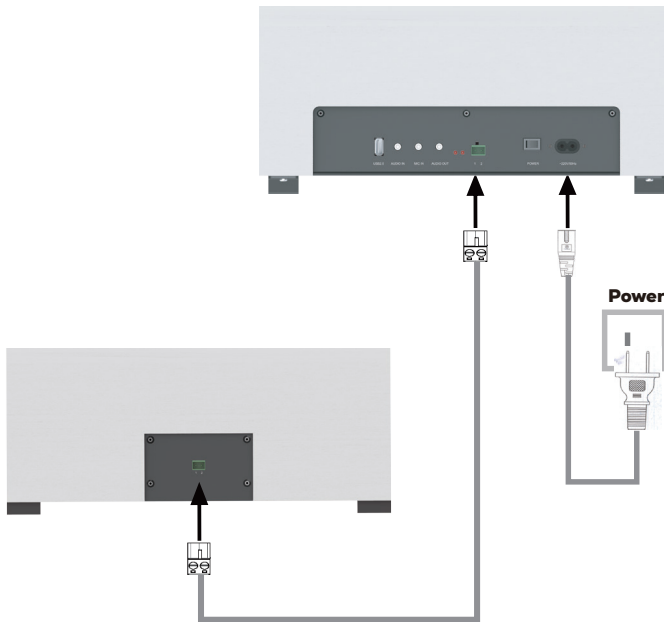

Step 4:

Fix the Main and Sub Speakers onto the wall via the mounting bracket (Left: Sub Speaker; Right: Main Speaker).

IV. Connection

Please refer to the following diagram for the basic connection of the Main Speaker and the Sub Speaker.

V. Fuction Description

- **LINE IN Function**

Connect to the LINE IN port on the speaker via a 3.5mm audio cable for the audio output of the device.

- **Bluetooth Playback Function**

After turning on the device, search for the Bluetooth device "SS30x" (x is A-Z) on your mobile phone or computer to pair and connect (default pairing code is 002841).

Once connected, you can play audio from your phone or computer.

After use, it is recommended to remove the connection from your phone or computer to avoid repeated connection errors.

- **Amplification Function**

This speaker is compatible with MAXHUB MC05B Lavalier Microphone and supports connecting to an external microphone receiver via the 3.5mm Mic In jack for amplified output. The amplification can also boost the audio volume from other sources (Bluetooth/Line-in).

- **Broadcast Function**

- 1). This speaker can serve as a broadcast terminal within a local area network via a network connection. (Only supported by certain models).
When broadcasting, the volume of other sources (Bluetooth/Line-in/ amplification) will be reduced. (Only supported by certain models).
- 2). This speaker supports broadcast backup power function. When network problems occurs or power failures, the speaker's broadcast function can be driven by a fixed voltage. (Only supported by certain models).

- **LINE OUT Function**

The 3.5mm audio output port synchronously outputs the audio sources played by the speaker.

Audio Priority

Bluetooth playback and LINE IN cannot be used simultaneously; when broadcasting, the volume of other sources will be reduced.
