Indoor Digital Signage Tilted Totem

ATTRACT VISITORS WITH VIVID 4K DISPLAYS

Make the most of their bright, high contrast-ratio, 4K resolution (3840×2160) displays and start promoting your content with captivating visuals.

ENHANCE CUSTOMER EXPERIENCE

A powerful built-in PC and fast response rates ensure accelerated request processing, directly improving the overall customer experience. The totem is suitable for all indoor public spaces, allowing you to upgrade your services and make a lasting impression on your audience.

CONNECT WITH YOUR AUDIENCE

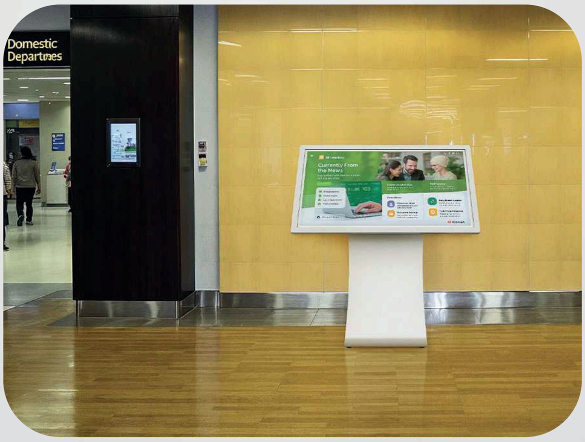
Deliver unified communication, promotional offers, and assistance using one 10-point touch device. Manage content remotely via the intuitive Android interface.

INCREASE YOUR ROI

This cost-effective digital signage solution can also become Windows compatible, when combined with a mini-PC. A smart investment for your business, built with metal housing and tempered glass (3mm) for enhanced protection, plus 50,000 hours lifespan delivering long term reliability.

4K indoor tilted totem to drive sales and maximize awareness

A modern, user-friendly solution with vibrant visuals that turns your message into an attraction. The totem is ideal for navigating the area, reviewing goods, or choosing products from an electronic showcase.



RETAIL STORES & SHOPPING MALLS

Utilize 4K resolution to present electronic showcases of all available goods, allow customers to review products in detail, and assist with area navigation in large retail spaces.

HOSPITALITY

Offer self-service for booking visits (tours, spa, restaurants), accessing local information, and providing directional guidance to simplify operations.

SHOPPING CENTER
FLOOR 1

PUBLIC SPACES & TRANSPORT

Deliver crucial, up-to-date information like schedules and service changes, plus navigational guidance in busy airports, stations,and government offices.

MUSEUMS & LIBRARIES

Elevate visitor experience with interactive exhibits, allowing digital access to collections, and providing simple area navigation within large complexes.
