

All-in-one large-format display for business, education, and large collaborative spaces

Prestigio®
SOLUTIONS

MULTIBOARD LIGHT+ GEN 2

Create a stronger visual impact in large-scale environments with Multiboard Light+ Gen 2. Ultra-large 98" and 110" displays keep content visible, engaging, and easy to follow throughout the room.

BOOST ENGAGEMENT WITH 4K VISUALS

The ultra-large 4K display ensures crystal-clear visibility even in spacious environments, making content easy to read from a distance. With up to 40 touch points, it enables smooth interaction across a larger surface, ideal for engaging bigger groups in meetings or lectures.

GET MORE FLEXIBILITY WITH WI-FI 6 AND DUAL WI-FI

Experience ultra-fast uploading and downloading with smooth, hassle-free video sharing, even in large meeting rooms and lecture spaces. Multiple participants can connect simultaneously with stable, high-speed performance. Guests can access a dedicated hotspot while others remain on the main network, ensuring uninterrupted collaboration. Easily share files and wirelessly cast screens across the room for seamless large-scale interaction.

ENJOY TOP-NOTCH AV QUALITY WITH AI TOOLS

Overcome distance challenges in large spaces with high-quality video calls. Multiboard Light+ Gen 2 delivers clear voice capture through its built-in 8-microphone array. Powered by a 48 MP AI camera with intelligent tracking, it keeps speakers in focus across the room. BYOM support allows users to run meetings using their preferred video conferencing tools.

WORK SMOOTHLY WITH ANDROID 13 AND POWERFUL HARDWARE

Multiboard Light+ Gen 2 runs Google-certified Android 13, giving users full access to Google services and apps for everyday work and teaching. The fast 8-core processor ensures stable performance during large-scale meetings, presentations, and collaborative sessions involving multiple participants.

All-in-one large-format display for business, education, and large collaborative spaces

Prestigio®
SOLUTIONS

WIRELESS SCREEN SHARING AND COMMUNICATION

Effortless wireless screen mirroring and real-time collaboration across Android, Windows, and iOS, including web sharing via a browser. Seamlessly share content with multiple participants in large spaces, enabling dynamic collaboration across bigger teams and audiences. Instantly exchange files in both directions and operate your PC through the wirelessly connected IFPD using Touchback Control.

OFFICE SOLUTIONS SUPPORT

Compatible with Microsoft 365 and Google Workspace, providing seamless access to document creation, editing, collaboration, and cloud storage. Enjoy fully featured Office software with a lifetime Premium license, allowing you to open and edit PDF, Word, Excel, and PowerPoint files directly on the panel.

COMPATIBILITY WITH EDUCATIONAL SOFTWARE

Unlock the full potential of digital education with leading solutions like Microsoft for Education, Google Classroom, and free-of-charge MozaBook. Ideal for lecture halls and large classrooms, it enables educators to deliver visible and engaging content to every student, regardless of seating position. Access intuitive tools for teaching, interactive assignments, real-time collaboration, and efficient content management, along with more than 1300 immersive 3D animations and digital resources.

REMOTE DEVICE MANAGEMENT

Easily manage your interactive displays and enable remote updates, real-time controls, instant alerts, and seamless multimedia sharing. Gain full visibility into device status and history, and maintain straightforward, secure user access with the NFC unlock feature.

Multiboard Light+ Gen 2

PSMB011P981, PSMB011P111

Prestigio®
SOLUTIONS

The Multiboard Light+ Gen 2 in 98" and 110" sizes combines display, camera, audio, and OS into a single large-format solution. It supports Android 13 with Google EDLA certification and can be expanded with a Windows-based OPS module. Designed for demanding environments, it delivers powerful performance, seamless collaboration, and excellent visibility in large meeting rooms and educational auditoriums.
