Mini PC PSMPC100

VERSATILITY AND PRODUCTIVITY

The compact, high-performance computer is designed for various uses, from home entertainment to an office or educational PC, and sales and marketing points in retail.

THE SMART RETAIL WORKER THAT NEVER GETS TIRED

The PSMPC100 can be used to provide digital signage content in retail stores, restaurants, and corporate environments. Tested with and approved by DISPL.

EXPAND THE WORLD OF DIGITAL HOME ENTERTAINMENT

With a seamless, easy connection to home devices, the mini PC offers a user-friendly experience for streaming, web browsing, and even light gaming, all in a compact and energy-efficient package.

THE HEART OF THE CONFERENCE ROOM

This mini PC can be easily integrated into conference room setups to handle presentations, video conferencing, and collaboration.

EMPOWERED LEARNING IN EDUCATIONAL INSTITUTIONS

The PSMPC100 feels right at home in digital classrooms, when used for online learning or administrative tasks.

HIGH PERFORMANCE IN A SMALL FORM FACTOR

Well-balanced and powered by the 12th Generation Intel® N100/N150 processor, providing robust performance in a small form factor.

Compact, plug&play solution for your
day-to day tasks on thin clients
