Mini PC PSMPC103

MASTER OF ALL TASKS

The PSMPC103 is a compact, high-performance barebone computer designed for a variety of uses in business applications. It's also an eye catcher with its elegant metal body.

SPACE-SAVING MINI FORMAT

Barebone Mini PCs maintain the compact form factor of traditional Mini PCs, making them ideal for environments with limited space.

RETAIL AND POINT OF SALES

One of the best applications of PSMPC103 is being the heart of a digital signage system in retail stores, restaurants, and corporate environments, ensuring high-quality visuals for advertisements, menus, and user information displays.

EDUCATIONAL TOOL

When it comes to digital classroom applications, online learning, and administrative tasks you will hardly find a better solution than PSMPC103.

PERFECT SOLUTIONS FOR BUSINESS NEEDS

Equipped with an efficient processor, high-speed storage and memory capabilities, the PSMPC103 can be integrated into conference room setups to manage presentations, video conferencing, and allow group collaborations.

STRONG PERFORMANCE AND COST EFFICIENCY

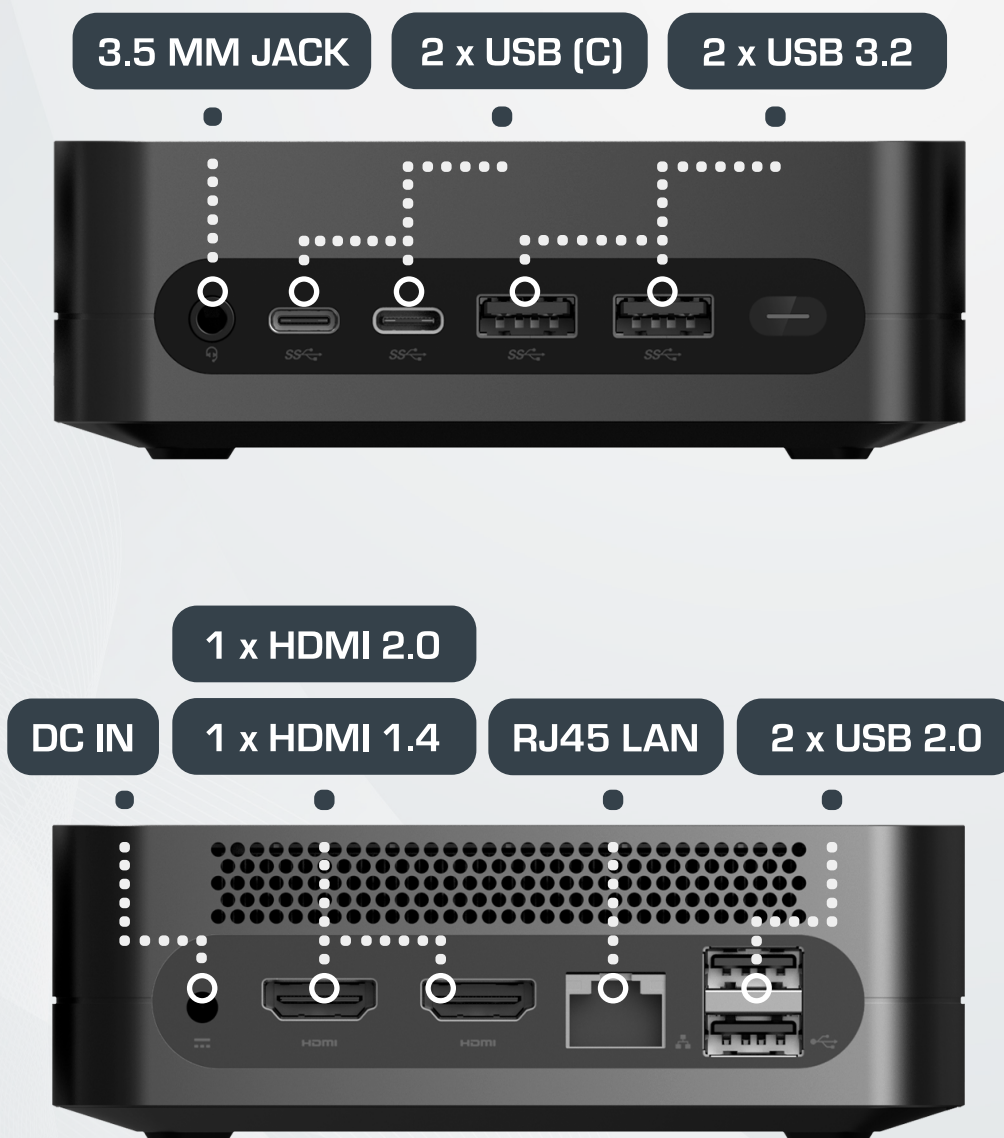

Featured with the efficient Intel® Core™ i3-1215U and Intel® UHD Graphics, the mini PC offers speed and high-performance for productive work.
