## Solution for audio communication

# Speakerphone Alpha

## Clear sound

Automatic noise reduction and echo cancellation transmit your voice without third-party interference.

## Advanced sound

6-element microphone array with sound gain control can pick up voices from up to 5 m away.

## Quick connection

Connect the speakerphone to your device via Bluetooth or USB/AUX ports. Plug & Play functionality allows you to start a meeting in just a few seconds.

## Wireless & Portable

The powerful built-in battery lasts up to 8 hours without recharging. The wireless charging function helps avoid unnecessary wires in the meeting room, and the smooth, portable design allows you to take the speakerphone with you wherever you need.
